DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 9 February 2005 has been entered.

Allowable Subject Matter

2. Claims 69 – 81 are allowed over the prior art of record.
3. The following is an examiner's statement of reasons for allowance: Bayraktaroglu in view of Bruel substantially disclose the claimed invention. However, neither Bayraktaroglu nor Bruel disclose or teach having a microelectronic device on the first surface while the first and second portions of the substrate are still unseparated. Bruel divides the substrate before anything is made on it and Bayraktaroglu forms the device on a thin strip after milling the substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
